Bagel Bros

Mex Assistant

What is the sales trend for last month

Based on the final output provided for Bagel Bros, the item prices for May 2023 show some fluctuations throughout the month. However, there is a noticeable upward trend towards the end of the month. The prices start around 395.0 on May 1st, experience some ups and downs throughout the month, and reach the highest value of 409.0 on May 27th. The month ends with a price of 271.5 on May 31st. Overall, while there are variations, the trend towards the latter part of the month indicates a general increase in item prices.
